 - Junior Achievement Entrepreneurship
 - Junior Achievement is an organization that allows youth to learn more about the business world through hands-on experience. In my AICE Business A Level Class as a senior, I helped start a legitimate business called NuCool with my peers as part of Junior Achievement's Entrepreneurship program.
 - I was selected to be the president of NuCool
 - I helped lead the company to a net profit of \$251.04 and a shareholder return on investment of 116%
 - At the annual Junior Achievement Fellows competition between 24 companies from different schools across South Florida, our business won the following awards:
 - 1st Place – Annual Company Report

- 3rd Place – Trade Booth Display
 - 3rd Place – Shark Tank Stage Presentation
 - 3rd Place – Company of the Year
- Athletic:
 - Northview Heights Secondary School Junior Varsity Boys Volleyball Team 2014-2016
 - Member as a freshman, Captain as a sophomore
 - Northview Heights Secondary School Junior Varsity Boys Basketball Team 2014-2016
 - Member as a freshman, Co-Captain as a sophomore

- Boys Varsity Volleyball Team State Quarterfinalists (district and regional champions) – 2017
- Cambridge Scholar Award with Distinction – 2018

Biography:

I was born and raised in Toronto, Canada, and moved to Hollywood, Florida just two weeks before my junior year of high school. In the beginning, it was difficult for me to adjust to my new home, as I had to assume greater responsibilities and was outside of my comfort zone. Moreover, with my rigorous AICE courses, I was devoting lots of time to my academics and less time towards leisure activities and making new friends. Many times I wished I was back in Toronto. However, as the year progressed, I persevered and adapted to become much more efficient with my school work, allowing me to commit to South Broward’s varsity volleyball team and enjoy more free time while still maintaining high 90s in all of my classes. I also pushed myself to be more social, and made many new, amazing friends by the end of my junior year. I soon realized that moving to Florida was the best thing that ever happened to me, and that junior year was the best year of my life because I grew immensely both as a student and a person. And during this year, with my life in Florida established and my familiarity with my new school and new friends, my senior year was even better than the last. I continued to earn high grades in AICE/AP courses, got into my first-choice university, and became captain of our volleyball team.

Sports are my number one passion, and I hope to somehow relate my career to sports in the future. I also enjoy working out, reading novels, and spending time outdoors and enjoying the beach and endless summer in my new home of South Florida. I was raised to always give my full effort in everything that I do, and I have motivated myself to always strive for the best, be it academics, or sports, or choosing a university. I am responsible and proactive by always completing my tasks ahead of time and never missing deadlines. Lastly, I actively pursue leadership positions, as I am always looking to improve on my communication and interpersonal skills, which I know will be invaluable to my future success. Thank you for considering me for this scholarship, and I wish you all the best in making your decision.
