

JEFF ROSE

I was born at Memorial Hospital in 1961. At the time, my family lived in East Hollywood at 1111 Lincoln Street. In 1965 we moved to Hollywood Hills (Lincoln and 41st Ave). I went to Hollywood Hills Elementary, and then to University School in Davie. In 1976, my family moved to Coral Springs however, I moved back to Hollywood in 1984 and I have remained in Hollywood ever since. My family's business, which involves making supplies for the printing industry and now branching out into car care products, has been in Hollywood since 1952.

As a young boy, my father belonged to a hunting camp in the Fakahatchee Strand and the time I spent there fostered my love of the Everglades and of the outdoors. Since then, my wife Caren and I enjoy cooking, camping, fishing, bicycle riding and most outdoor activities. We spend many weekends enjoying the outdoors by visiting many of the beautiful parks that Hollywood has to offer.

Between us, my wife and I have four children. Three girls and one boy ranging in age from 22 to 27 make up our family.
